How to be bookable on www.visitmidwales.co.uk and www.showmewales.co.uk

There are a couple of ways this can happen.

1) Either you can poll directly (link directly) with:

- Freetobook,
- Eviivo,
- Sykes,
- Hotel Planner,
- Supercontrol

If you already use one of these systems, please email zoe@mwtcymru.co.uk with your ID number.

2) TXGB is a system **(for accommodation and non-accommodation)** which was developed in partnership with Visit Britain and has now been licensed by Visit Wales. It provides the technology to link a multitude of booking systems into destination websites. TXGB currently links with several booking channels, and more coming soon.

You can view them all on the TXGB website. Scroll down to 'Getting Connected' on the following pages:
